

Practical 05

(Web Designing - CM2104)

Name: Yash Pravin Pawar Enrollment no.: 2106206 section: N1

A. Adding Hyperlinks and Images: Create a webpage containing two images and add a hyperlink to another webpage. Apply width and height property to one image. Align one image to the centre and the other one to left. Assign the second image as a hyperlink to another webpage.

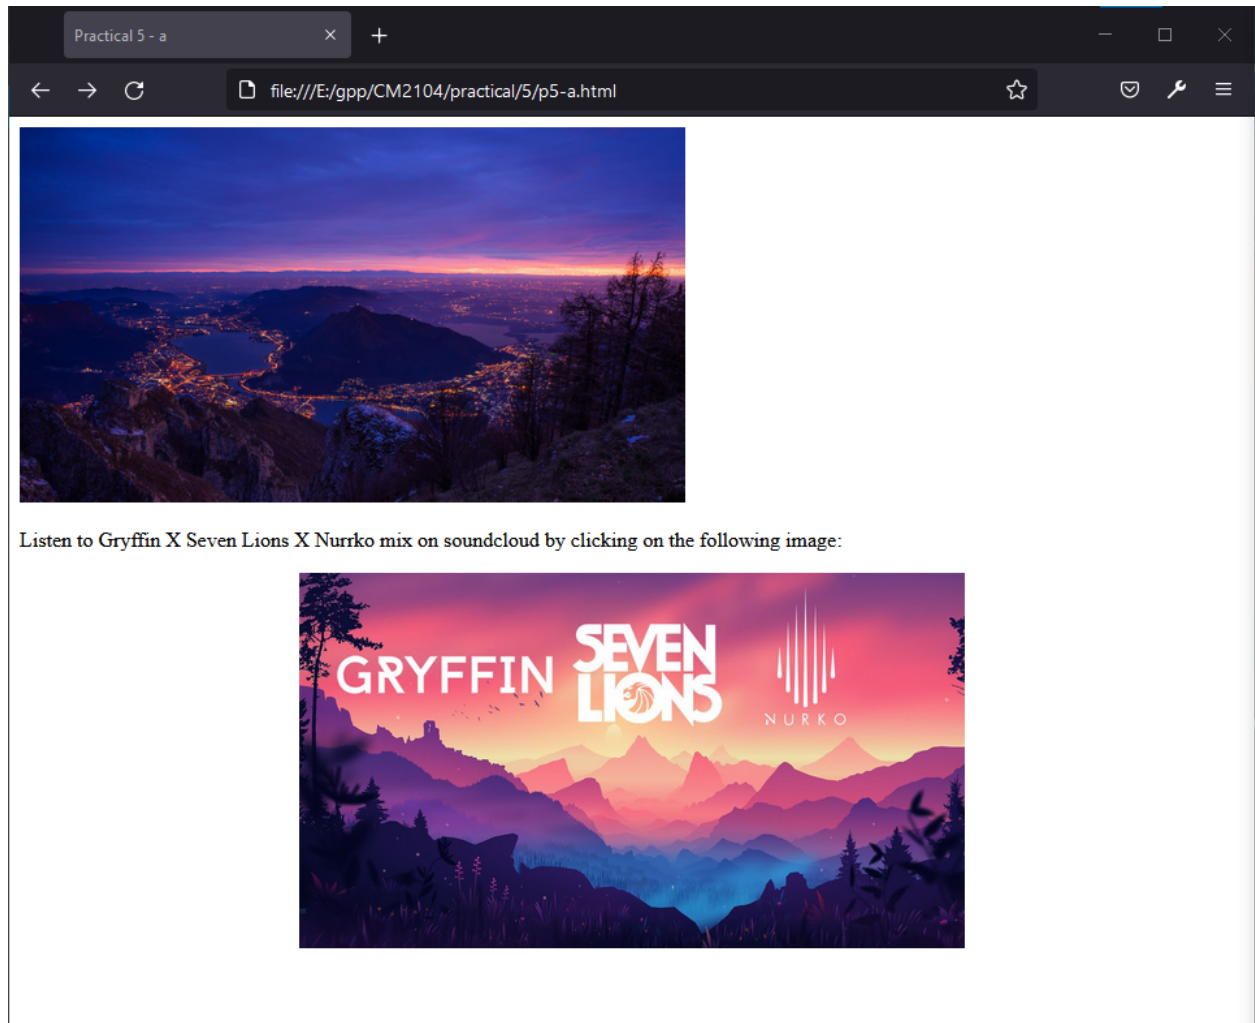

Code:

```
<!DOCTYPE html>
<html>
<head>
    <title>Practical 5 - a</title>
</head>
<body>
    

    <p>Listen to Gryffin X Seven Lions X Nurrko mix on
Soundcloud by clicking on the following image:</p>

    <center>
        <a
href="https://soundcloud.com/afterlifedub18/gryffin-x-seven-lion
s-x-nurko-inspired-mix-by-c-nam">
            
        </a>
    </center>
</body>
</html>
```

Output:

B. Create a Webpage containing an image and some paragraphs. Apply following:-

- Create the map of the image with sections of image linking to different webpage's in the same HTML where it is to be applied.
- Apply this map on the image.

Code:

```
<!doctype html>
<html>
  <head>
    <title>Practical 5 - b</title>
  </head>
  <body>
    <h2>Image Map</h2>
    <p>Click on the artist logo to get redirected to the artist page on
youtube</p>
```

```

<map name="artist">
  <area shape="rect" coords="43, 89, 295, 144" alt="Gryffin"
href="https://www.youtube.com/channel/UCHorTItZofG0Bz2hbojyUpw">
  <area shape="rect" coords="316, 54, 485, 172" alt="Seven Lions"
href="https://www.youtube.com/user/SEVENLIONSofficial">
  <area shape="circle" coords="583, 108, 70" alt="Nurko"
href="https://www.youtube.com/channel/UCXFQb8nFbDCbcRc1kqT649g">
</map>

<center></center>
</body>
</html>

```

Output:
